

1 Dylan Street Brighton TAS

Well situated in the well serviced and popular suburb of Brighton, within very close proximity of the CBD, these 8, near level allotments offer expansive building envelopes, with all in excess of 656 m², with the largest lots, 7 & 8, being 2,960 & 3,110 respectively.

Each parcel will suit a myriad of potential uses; while all are perfect for multi-dwelling developments (S.T.C.A), with lot 7 and 8 being suitable for 8 & 9 townhouses respectively, they would also suit substantial family homes for all age groups.

Near Level allotments of this size are becoming almost unattainable anywhere, particularly within an easily managed, pleasant 30-minute drive of Hobart's CBD. This subdivision is located within walking an easy distance of all the shops and services that Brighton has to offer.

Price : Starting from \$400,000
