

4/19 Cheviot Road West Moonah TAS

1  1  2 

Priced to sell, this property offers a warm, sunny inviting ambiance, its location within a group of four hosts not only full sunshine courtesy of its North Westerly aspect, yet the most amazing Derwent Estuary, esplanade, mountain, forest and suburban views are also on permanent display here.

The living area is open to the kitchen and feels generous in size and very homely. The bedroom is also of spacious proportions, much more than one would expect from an average double.

This property is set well back from the road and offers enough parking for two vehicles, with plenty of garden area on offer, there is also a common storage facility under.

We believe this home will suit those on a tight budget

Price : \$ 315,000
